

K.O. Dyne[®]

Concentrated Iodine Detergent Sanitizer

K.O. Dyne is a concentrated iodine detergent sanitizer that combines excellent cleaning with effective killing power over a wide range of bacteria.

Features and Benefits

- **Strong Iodine Concentration**

Excellent for economical use in backflush systems and drop hoses.

- **Positive Bactericidal Action**

Provides fast kill of a wide range of bacteria on contact.

- **EPA Registered Sanitizer**

Meets the stringent guidelines of the U.S. Environmental Protection Agency (EPA) as a sanitizer.

- **High Detergency**

Quick and effective removal of soils in all types of systems.

- **100% Customer Satisfaction**

All GEA Farm Technologies hygiene products have a 100% Customer Satisfaction Guarantee.

K.O. Dyne®

Concentrated Iodine Detergent Sanitizer

Directions for Use

Sanitizing Dairy Equipment:

After cleaning and before use, sanitize all milk contact surfaces with a 25 ppm solution of K.O. Dyne as required by state and local health authorities. Refer to Table of Proportions for proper dilution rate. Contact time must be for at least two minutes. Thoroughly drain and air dry.

Note: Amber to brown color of use dilution is an indicator of solution strength. Prepare a fresh solution if a noticeable change occurs to the solution's color.

Table of Proportions:

- 25 ppm — 1 oz. (30 ml) in 5 gallons (18.9 L) water
- 50 ppm — 1 oz. (30 ml) in 2.5 gallons (9.45 L) water

Product Properties

- Appearance:** Dark brown liquid
- Odor:** Iodine
- pH:** 2.3 (1% solution) typical
- Specific Gravity at 77°F (25°C):** 1.08 (water = 1)
- Solubility:** Complete at recommended use dilutions
